

**REMARKS**

Applicant has studied the Office Action dated March 17, 2004. Claims 1-7 have been canceled without prejudice. Reconsideration and allowance of the pending claims in view of the above amendments and the following remarks are respectfully requested.

In response to the restriction requirement under 35 U.S.C. § 121, Applicant elects for continued prosecution of the Group II claims (i.e., claims 8-20) drawn to a method for distributing web content objects efficiently across a network of information processing units and intermediate nodes. Thus, Applicants request examination of claims 8-20.

To advance the prosecution of the application, claims 1-7 have been canceled without prejudice or disclaimer. Applicant expressly reserves the right to file a divisional application with respect to these claims at a later date.

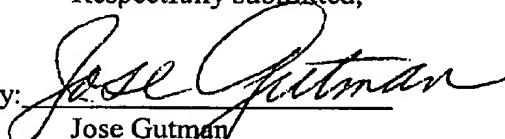

In view of the foregoing, it is respectfully submitted that the application and the claims are in condition for allowance. Reexamination and reconsideration of the application, as amended, are requested.

The Examiner is respectfully requested to direct future correspondence regarding this application to the undersigned attorney at the address below.

If for any reason the Examiner finds the application other than in condition for allowance, the Examiner is invited to call the undersigned attorney at the telephone number below should the Examiner believe a telephone interview would advance the prosecution of the application.

Respectfully submitted,

By:
